

NIKHIL PRASAD

Frontend-Developer

📍 Chakradharpur ✉️ nikhilprasad2411@gmail.com 🔗 linkedin ☎️ 6203989806

Summary

Highly motivated Frontend Developer skilled in building responsive and interactive web applications using React.js, JavaScript, HTML, and CSS. Experienced in integrating APIs, developing reusable components, and implementing modern UI solutions. Quick learner with strong problem-solving, debugging, and version control skills.

Technical Skills

- | | |
|---------------------|--------------|
| • React | • HTML |
| • CSS, Tailwind CSS | • JavaScript |
| • REST APIs | • Git |
| • GitHub | • Figma |

Projects

Employee Management System

Created a role-based employee management system with admin and employee dashboards. Enabled task assignment and task status tracking using React and Local Storage. Developed reusable components to build a responsive user interface.

Weather App

Built a weather application using Weather API and JavaScript. Allowed real-time weather updates based on user search. Designed a responsive user interface with dynamic weather visuals. Implemented error handling and location-based weather forecasting.

Currency Converter

Built a currency conversion application using React.js and Exchange Rate API. Permitted real-time currency conversion across multiple currencies. Developed a responsive and user-friendly interface.

Education

Bachelor of Computer Applications,

2023 – 2026

Centurion University of Technology & Management, Bhubaneswar

CGPA: 8.6

Completed key projects using HTML, CSS, JavaScript, React.js.

Active participant in technical clubs and coding contests.
